SECTION 1 — WHAT YOU ARE BUILDING

You are building the **Orbit Lead Network** — a private deal network for creative real estate financing.

The 3 roles:

- **Orbit** — Finds motivated seller leads, talks to sellers about creative/seller financing, submits deals to Planets, and JVs with them. Lead finders only. Cannot see Planet features.
- **Planet** — Has the capacity to execute deals (buy properties, get Master Lease, close Sub-To, Seller Finance, etc.). Receives leads from Orbits and Moons. Planet features only.
- **Moon** — Is a Planet in one niche (e.g., RV Parks) but also orbits another Planet in a different niche (e.g., Multifamily). Sends leads like an Orbit AND receives leads like a Planet. Has full access to BOTH portals.

Example: Jordan owns RV parks (Planet in that niche). But Jordan finds Multifamily leads and sends them to a Multifamily Planet.
Jordan = Moon.

Your job is to build this entirely inside GHL. There is no separate website or app to build. Members will log in through the GHL Client Portal under the DoneRN.com brand.

Reference mockup (visual only — not a real app):

<https://mastahsamonte-stack.github.io/orbit/>

Use this only to understand what screens and features to replicate inside GHL. Click the Orbit / Planet / Moon buttons in the top-left to see each role's view.

SECTION 2 — ROLE LOGIC (CRITICAL — READ CAREFULLY)

Role	Tag in GHL	What They Can Access
Orbit	orbit	Orbit Hub community only
Planet	planet	Planet Hub community only
Moon	moon	BOTH Orbit Hub AND Planet Hub

Rules:

- orbit tag → Orbit Hub only. Never give Planet Hub access.
- planet tag → Planet Hub only. They receive leads, they do NOT submit leads out.
- moon tag → Both hubs. They can submit leads AND receive leads.
- A Moon applying was previously an Orbit or Planet — remove the old tag and replace with moon .
- Never give a Moon only one community — they must have both.

SECTION 3 — PIPELINE SETUP

Go to: CRM → Pipelines → + New Pipeline

Financing Strategy: ☐ Sub-To ☐ Seller Finance ☐ Wrap-Around ☐ Novation ☐ Hybrid

Agreed Acquisition Strategy: _____

2. LEAD EXCLUSIVITY AND LOCK PERIOD

2.1 Upon submission of this lead through the Orbit Lead Network and acceptance by the Deal Executor, this lead is **exclusively assigned** to the Deal Executor named in this Agreement.

2.2 The Lead Provider **may not submit this same lead to any other Planet, Moon, or buyer** for as long as any of the following conditions are active:

- The Deal Executor has accepted the lead and is actively pursuing acquisition
- A Purchase Agreement, Option Contract, or any other binding agreement with the seller is in effect
- The property is under any form of escrow or due diligence period

2.3 The lead becomes available for resubmission to another Deal Executor ONLY when ONE of the following release conditions is met:

- ☐ The Deal Executor formally passes on the lead in writing (email or platform message is sufficient)
- ☐ The Deal Executor fails to respond within **14 calendar days** of receiving the lead
- ☐ The Deal Executor accepted the lead but failed to execute a purchase agreement within **45 calendar days** of acceptance (unless both parties agree in writing to extend)
- ☐ The transaction falls out of escrow or contract through no fault of the Lead Provider
- ☐ The Deal Executor provides written confirmation that the lead is dead or unworkable

2.4 If the Deal Executor passes on a lead, they waive all rights to that lead and may not re-engage the seller for 24 months without written permission from the Network Facilitator.

2.5 The Lead Provider warrants that this lead has NOT been previously submitted to or accepted by another Deal Executor within the Orbit Lead Network. Submitting a lead to multiple parties simultaneously is grounds for immediate removal from the network.

3. PROFIT SPLIT

3.1 Upon successful closing and realization of profit from this transaction, proceeds shall be distributed as follows:

- Deal Executor (Planet/Moon) receives: _____ %
- Lead Provider (Orbit/Moon) receives: _____ %
- **Network Facilitation Fee:** _____ % of the Lead Provider's share, paid to [OWNER NAME]

(Standard rate: 5% of Lead Provider's share. Example: Lead Provider earns \$12,000 → Network fee = \$600)

3.2 "Profit" is defined as net proceeds after all acquisition costs, closing costs, and agreed repair/holding costs are deducted, as evidenced by the final HUD-1 or Closing Disclosure.

3.3 The Network Facilitation Fee is due within **5 business days** of closing. Payment shall be made by wire transfer or ACH to the account provided by the Network Facilitator.

3.4 The Deal Executor agrees to provide the Lead Provider and Network Facilitator with a copy of the closing disclosure (CD/HUD-1) within 3 business days of closing.

4. RESPONSIBILITIES

4.1 Deal Executor is responsible for:

- All acquisition costs, financing, due diligence, and closing costs
- Communicating deal status updates to the Lead Provider within 7 days of any material change
- Notifying the Network Facilitator immediately if the deal closes
- Notifying the Network Facilitator if they are passing on the lead

4.2 Lead Provider is responsible for:

- Ensuring all property information submitted is accurate and complete to the best of their knowledge
- Not misrepresenting the seller's situation, equity position, or motivation
- Not simultaneously marketing this lead to other buyers outside this Agreement
- Maintaining a professional relationship with the seller throughout the process

4.3 Network Facilitator is responsible for:

- Lead matching and documentation
 - Dispute mediation between parties
 - Maintaining the exclusivity log to prevent duplicate submissions
 - Collecting and tracking the Network Facilitation Fee
-

5. TIMELINE AND DECISION WINDOW

5.1 The Deal Executor has **14 calendar days** from the date this Agreement is received to:

- Sign and accept the lead, OR
- Formally pass in writing

5.2 Failure to respond within 14 days is treated as a pass, and the lead is automatically released.

5.3 Once accepted, the Deal Executor has **45 calendar days** to execute a purchase agreement with the seller. Extensions must be agreed to in writing by all three parties.

5.4 If a deal is under contract, the Deal Executor must provide monthly status updates to the Network Facilitator until closing or cancellation.

6. NON-CIRCUMVENTION

6.1 Both parties agree that they will not, directly or indirectly, contact, solicit, or transact with any party introduced through the Orbit Lead Network — including sellers, buyers, or other network members — for the purpose of bypassing this Agreement or avoiding the Network Facilitation Fee.

6.2 This non-circumvention obligation applies for a period of **24 months** from the date of this Agreement.

6.3 If circumvention is discovered, the circumventing party agrees to pay the full Network Facilitation Fee plus **liquidated damages of \$5,000**, which both parties acknowledge as a reasonable estimate of harm and not a penalty.

7. MOON-SPECIFIC TERMS

This section applies only when the Lead Provider or Deal Executor is acting in the Moon role.

7.1 A Moon acting as Lead Provider in this Agreement acknowledges that they are simultaneously a Deal Executor (Planet-capacity) in other transactions within the network.

7.2 A Moon may not use information received as a Deal Executor (from their Planet Hub access) to identify or target leads that compete with an Orbit's submission to another Planet.

7.3 The Moon's Network Facilitation Fee is **5% of the Moon's net share of proceeds** as calculated in Section 3.1. This fee replaces any monthly membership fee for the period in which the deal closes, unless the Moon is on a combined plan.

8. CONFIDENTIALITY

8.1 Both parties agree to keep all seller information — including name, address, financial situation, and motivation — strictly confidential.

8.2 Seller information may not be shared outside this Agreement without the seller's written consent.

8.3 Network membership lists, lead volumes, and deal terms are confidential and may not be shared with competing networks or platforms.

9. REPRESENTATIONS AND WARRANTIES

9.1 The Lead Provider represents that:

- They have a bona fide relationship or contact with the seller
- The seller is aware that their property information may be shared with an investor
- The lead information provided is accurate to the best of their knowledge
- This lead has not been submitted to another Deal Executor within this network under an active Agreement

9.2 The Deal Executor represents that:

- They have the financial capacity or access to capital to execute this type of transaction
 - They will act in good faith in evaluating and pursuing this lead
 - They will not engage the seller independently to cut out the Lead Provider
-

10. DISPUTE RESOLUTION

10.1 Any dispute arising from this Agreement will first be submitted to the Network Facilitator for mediation.

10.2 If mediation does not resolve the dispute within 30 days, both parties agree to binding arbitration under the rules of the American Arbitration Association (AAA).

10.3 The prevailing party in any dispute shall be entitled to recover reasonable attorney's fees and costs.

10.4 This Agreement shall be governed by the laws of the State of _____.

11. ENTIRE AGREEMENT

This Agreement constitutes the entire understanding between the parties with respect to this lead and supersedes any prior verbal or written communications. Amendments must be in writing and signed by all parties.
